SOME FINE PORKERS

BIGGEST SWINE DISPLAY IN HISTORY OF THE FAIR

117 ANIMALS ENTERED

Representatives From Ten High Class Herds Are Seen In the Pens—Competition Was Keen

In the swine division at the fair the largest number of entries ever received are in the pens, extra space being necessary to accommodate all the exhibits, representatives from ten herds being included in the one hundred and seventeen animals. Superintendent Fred Jamison is quite proud of the showing and declares it would do credit to a state fair. Among the hogs are several first prize winners at the Missouri State Fair, three of the F. B. Goodspeed & Son herd of Chester Whites winning at Sedalia last month. One of his senior pigs was graded 100 per cent perfect and is a perfect type of hog. Mr. Goodspeed also claims to have the heaviest hog in the pens, one big fellow weighing half a ton. Several others shown are also close to the half ton mark. Poland-Chinas, Chester Whites, Durocs and Hampshires are the four breeds represented, with the following owners competing for prizes:

F. P. Robinson & Co., J. H. Harvey, F. B. Goodspeed & Son; A. L. Auer, Conception Junction; Wm. Gex, Graham; Chas. J. Gallagher;———Wolfe, Conception Junction; Albert Dowden, Elmer W. Johnson, Quitman.

The swine division attracts more attention than any other clas son the grounds and the big porkers are the especial admiration of the women. The large showing of hogs is due to Superintendent Fred Jamison, who has taken special interest in urging owners to compete in the various classes.

Draft Horses.

The draft horse division was the largest of the live stock classes except the hogs, having thirty-five entries. In the class for the best draft foal six likely looking youngsters gave Judge Trowbridge an hour's hard work, and when the ribbons had been awarded he discussed their good and bad points, explaining the things taken into consideration in making the awards. First award in this class went to George David of Pickering; second to A. B. Dowden of Maryville; third to Clarence Dowden of Maryville. Awards were made in the other classes as follows:

Best draft stallion 4 years old and over: J. W. Ross, Ravenwood, first; E. S. Shupe, Maryville, second.

Best stallion 3 years old and under

GIVEN MILITARY HONORS

Body of John L. Goodson, Jr., Buried at Graham Today—Co. C, Home Guards, Send Funeral Escort

Funeral services for Private John L. Goodson, Jr., of the U. S. Naval service, who died August 10, at Los Angeles, Cal., were held this afternoon at the home of Mrs. F. L. Miller of Graham, an aunt of young Goodson.

The body was buried with military honors. A funeral escort composed of Sergt. I. E. Tulloch, Corp. W. H. Allen, H. E. Miles, Rex Webber, Solon Clark, Russell Burris, Fred Diss and Sherman Montgomery from Company C, Home Guards, had charge of the military rites at the church service and burial and fired the customary salute.

The body arrived in Graham last night accompanied by the young man's father, John L. Goodson, a brother, Richard Goodson, and a sister, Mary Goodson, of Phoenix, Ariz. The family formerly lived at Graham, but have made their home in Phoenix for a number of years. Young Goodson was 22 years old and had been in naval service fo rseveral months. On August 6, he accidentally shot himself and died the following Saturday.

The services were conducted by the Rev. S. D. Harlan, pastor of the Graham Methodist church and the body was interred in the Graham cemetery.

THE RURAL SCHOOLS

INCREASED ENUMERATION SHOWN OVER LAST YEAR

COUNTY SUP'T. REPORT

Some Interesting Figures Are Given In Connection With School Operation and Expense

The rural school enumeration of Nodaway county shows an increase this year over 1917 of 157 pupils as indicated in the annual report of county superintendent, Bert Cooper, to the state superintendent of schools. The total enumeration for the year just closed was 8,135, the enumeration for 1917, 7,978.

Superintendent Cooper's report covering the detail of school operation contains some interesting information concerning the schools as follows

The number of white male pupils was 4,108; white females, 3,988; colored pupils, 42.

Ten districts in the county had an enumeration in excess of seventy pupils.

Only two districts in the county had less than a six months term of school.

There were 267 graduates from the common school course.

The enumeration in the high school was 2,828, with 103 graduates.

In 171 districts in which there are school libraries there are 48,046 volumes, of which 6,151 were added during the past year.

Of the 268 teachers employed eleven hold life certificates and fifty-three held Normal certificates.

Twenty-one teachers in the county have taught the same schools for five years or longer.

The number of school houses in the county is 183 with 257 school rooms.

Twenty-six schools are valued at more than $1,000.

The estimated value of sites and buildings is $445,000.

The assessed valuation of taxable school property was $18,109,909.00, the school tax levy being 69 cents on the $100 valuation.

The total receipts credited to the school fund from all sources during the year was $276,207.16.

Total disbursements during the year was $217,701.00.

Total salaries paid teachers was $134,569.

The cost of fuel for the year was $16,782.

The average salaries of male teachers showed an increase over the preceding year, the average paid last year being $81.55, for 1917, $77.26.

The average salaries of female teachers was increased from $55.26 in 1917 to $57.82 last year.

While no figures are as yet available for the present year the average of teachers' salaries for the coming year will show a very marked increase over 1918 and is expected to average between fifteen and twenty per cent.

THE FLORAL HALL AWARDS

H. England Wins Horticultural Collection Premium—Excellent Display Fine Arts and Domestic Science

The floral hall exhibits are quite attractive this year, particularly the horticultural and domestic science displays and the food conservation and Red Cross booths.

Because the women of the county have been so active in Red Cross work and knitting the display of fancy articles is more limited than in previous years but some excellent work is shown. This part of floral hall, devoted to the fine arts is in charge of Mrs. Charles Eckert, Mrs. Ed Egley, Mrs. L. G. Crossan, Mrs. Frank Green and Miss Thella Hogue. The judges were Mrs. Emery Airy, Mrs. Charles Gallagher and Mrs W. W. Billings of Chicago. The paintings were judged by Miss Bess Scott, Miss Marie Reuillard and Albert Kuchs, and the domestic science products by Miss Bertha Beal and the Misses Dora and Katherine Carpenter.

William Job is in charge of the horticultural booth. The prize winning display of farm products is one from the ten acre farm of Harve England, adjoining the city limits on the south. Mr. England has exhibited 22 varieties of fruit, grain and vegetables. None of the products were raised with a view to exhibiting them and are selected from the general crop. The three huge watermelons shown weigh each 65, 50 and 47 pounds and these were raised on Mr. England's farm on the Nodaway.

In the domestic science section Mrs. J. W. Schroyer of this city took 28 premiums and Mrs. Mattie Landis of Bedford, Ia., won 38.

AT THE FAIR TODAY

FAIR SKIES BRINGS OUT BEST CROWD OF THE WEEK

DERBY THE BIG EVENT

With Continued Good Weather Patrons Are Assured of Plenty of Entertainment for Balance of Week

FRIDAY'S PROGRAM.

Morning—Judging in all remaining classes in which final awards have not been made.

Afternoon—Besides five races, a feature of the afternoon will be the parade and drill by Company C, Home Guards. The races on the card are: 2:11 pace, farmers' county trot or pace, ½ mile running race for non-winners, ⅝ mile running race. Big free attractions.

Night—In the horse show classes gaited saddlers and roadsters will be shown with some twenty-five or thirty high class horses competing.

With the sun shining this afternoon and the track in fair condition for the races, the attendance is larger than on any previous day, the grand stand being comfortably filled and many scattered over the ground inspecting the various exhibits of live stock, poultry, agricultural products and the displays in Floral Hall. Besides the Maryville Derby in which there are ten entries, two other running races and two harness races are carded.

The condition of the track yesterday, following the rain of Tuesday night resulted in the fair manager calling off all of yesterday afternoon and last night's track events. It was believed at noon that the track would be in condition to permit of some of the races being held, and it was not until nearly three o'clock that it was decided to postpone the races and night horse show. The small crowd had to be content with watching the judging of the draft animals and Hereford cattle and with being entertained with the free acts. The management announces that with fair skies today all the races scheduled would be run and that the horse show would furnish added attractions during the remaining nights of the week, it having been decided to make Saturday afternoon and night one of the three remaining big days.

Shetland Ponies.

Best mare foal, either sex—Harold Roelofson, first; Frank Roelofson, Jr. second.

Best stallion and four mares owned by exhibitor—Frank Roelofson, first; Harold Roelofson, second.

The Maryville Derby this afternoon, the biggest running race of the fair, a purse of $300 having attracted nearly a dozen high class horses. "Walter Dant," owned by Joe Prather of Bethany, and "Cork," owned by Fred Breit of Parnell, will carry the talent's money. The former ran second in the Des Moines derby last week, while "Cork" made a good showing in the mile event Thursday afternoon and may be able to go the derby route in good shape.

Mrs. Robert Barrett of Skidmore is visiting her son, Ellwood Barrett, and family in this city.

FOE YIELDS OVER A 180 MILE FRONT

HUNS FALLING BACK IN FIVE DIFFERENT SECTORS DESTROYING THEIR DEPOTS AS THEY RETREAT

TAKE 16,000 PRISONERS

The Americans Have Reaceded Aisne River at Several Points — All This Progress Has Been Made Since Yesterday—Big Drive Continues

Special to The Democrat-Forum.

London, Sept. 5.—The Germans are falling back over a front of 150 miles before the blows of the Allied armies in France, according to a News Agency dispatch from the battle front today. The Germans are falling back in five different sectors destroying their depots as they retreat. These retirements are being carried out in the regions of Lys, Scarpe, Somme, Ailette and Vesle rivers.

Ploegsteet, on the Flanders front, has been captured by the British, the war office announced today. In the past four days the British have captured 16,000 prisoners and 100 big guns. The Allied troops that formed a crossing of the Canal du Nord on the Picardy front are advancing all along the line to east of that stream. The Americans advanced nearly half way from the Vesle to the Aisne river since yesterday afternoon and are now beyond Veauxcare, Balnzy and Fismes. At Gusicard the Allies came upon the emplacement of a great German gun. The capture of Ploagalsert shows the Germans are being driven from Massines ridge which they occupied in their April drive.

Paris, Sept. 5. — American and French forces have reached the Aisne river at several points. The Germans are now nearly back to the line they occupied north of the Aisne before they begun their drive to the Marne on May 27. The advance by the French and American forces from the Vesle to the Aisne is a distance of about five miles. All this progress has been made since yesterday. Chaunt on the Oise and South St. Queant in LaFere sector have been evacuated by the Germans.

Paris, Sept. 5.—Further progress over a wide front and the repulse of two violent counter attacks is reported by the French war office today. East of the Canal du Nord the French have maintained their contact with the enemy and are pushing onward. Progress was made in th edirection of the Aisne river; also the Canal de le Somme has been crossed by the French. The French have passed Hombleuz, Esmercy, Wallon, Flavy le Meldoux, carrying their lines to the north of the Gusicard line to the border of Berlincourt. Claimancy, Braye and Misay sur Aisne have been captured. The Americans are now holding Cretez ridge dominating the Aisne river, the communique said.

London, Sept. 5.—Since August 1 the British, French and Americans have captured 110,000 German prisoners. Forty thousand of these were taken by the Americans and French and the balance by the British. The chief feature of the fighting has been the extraordinarily small losses of the Allies. This i smostly due to the expansion of the Germans. On the Lys salient the Germans continue their steady withdrawal closely pursued by the British and Americans.

FAIR NOTES.

F. M. Gotch, secretary of the Greenfield, Ia., fair association, was down yesterday interesting horse owners in the meeting at Greenfield on September 10, 11 and 12. He was accompanied by Fred Otis, also of Greenfield. The Iowans were surprised at the unusual number of high class horses seen at the fair here.

A quartet of well known Brookfield business men were in attendance at the fair yesterday. They were Joseph Porter, Frank Kerns, Jack Turpin and David Walters.

Col. Ben F. Swaggart of Kansas City is up from Kansas City to attend the fair. Col. Swaggart has disposed of his stock in the fair association and is here to look after his runners, two of them being entered in the running events.

Showing in the five-gaited saddle class tonight will be "Jack Dempsey" and "Paul Peavine," two high steppers owned by C. M. Dempsey & Son of Shelbina, Mo. Mr. Dempsey is here with his horses and believes he will carry home some ribbons.

M. G. Quisenberry of the Hamilton Trust Co., Hamilton, Mo., is going to set a hot pace for some of the crack saddlers that will be seen in the show ring. Mr. Quisenberry has six good ones with him — "King Woodland," "Talco Blees," "King of Denmark," "Lady Rex," "Easter Boy" and "Limestone McDonald." Several of the number will be seen in action tonight.

Among the well known horsewomen at the fair this week is Miss Bertha Hemry of Hamilton, Mo. Miss Hemry rides for the Quisenberry stable. She has few equals as an equestrienne and her appearance on "Limestone McDonald" always wins the admiration of the crowd. Miss Hemry says she expects to win the handsome loving cup to be awarded to lady riders.

A fine musical program was given on the court house square last night by McNutt's band and the Brooklyn Singers, the joint affair taking the place of the concert at the fair grounds, everything there having been called off until today on account of the weather.

Buying Satisfaction In A Range

Satisfaction in a cooking range doesn't consist merely in a good-looking stove. The material the range is made of and the way it is made will have more to do with its giving satisfaction than anything else.

The Copper-Clad Range

Is a malleable iron stove—it is practically unbreakable, and will stand more hard usage than any other metal used for stove construction.

In making the Copper-Clad Range a sheet of copper is placed between the outside of the stove and the asbestos packing which prevents the stove from rusting from the inside, as it might do if the asbestos "sweat." This is the feature of the Copper-Clad Range that gives it its name.

There are other features too numerous to explain in this space, but we would be very glad to show them to you any time.

SATISFACTION GOES WITH EVERY COPPER-CLAD RANGE.

FOE YIELDS OVER A 180 MILE FRONT

(Continued from page 1.)

Paris, Sept. 5.—The Americans, driving forward from the Vesle river, have captured high ground of great strategic importance dominating the Aisne valley. This is the first big advance made by the Americans since the Vesle was reached and gives Pershing's men an excellent opportunity for a thrust across th eAisne.

CHEERFUL WORDS.

For Many a Maryville Household.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of Maryville readers.

Mrs. J. Carter, 622 N. Walnut St., Maryville, says: "Personally, as well as in cases of others in my family, Doan's Kidney Pills have proven a successful medicine in removing congestion of the kidneys and stiffness in the back. Doan's Kidney Pills gave results in all cases that led me to recommend them to others."

Price 60c, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills—the same that Mrs. Carter had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y. Adv.

FAIR NOTES.

A collection of oil paintings, five in number, shown by Mrs. J. L. Alsup of Pickering, is attracting the notice of everyone. The subjects are land and marine scenes and it was awarded the prize for the best exhibit. Mrs. Alsup is the wife of Rev. Alsup, pastor of the Christian church of Pickering.

An exquisite piece of work, enough to delight the heart of any woman, is an embroidered bed spread, made by Mrs. Oliver Bovard. Mrs. Bovard has won a number of premiums in the needle work class.

Another thing which makes the women use all the adjectives they can think of to describe their daintiness is a collection of hand embroidered handkerchiefs made and shown by Miss Ora Barmann.

The Hudson & Welch hardware company is the only retail mercantile concern in the city to have a booth in floral hall, and they have an atravtively presented display of goods.

Mamie Gunn, colored, won a premium this year in the domestic science class. This is the first time any of the colored people have entered in competitive class and the products she entered were very fine.

At the horticultural exhibit, in the Harve England display, is a great big round yellow something which half the people say is a pumpkin and the others just naturally don't know. It's a muskmelon.

The highest number of awards for any one person at the fair was won by Mrs. Mattie Landis. Of this number 36 was awards in the domestic science class and were all for canned fruits and vegetables, preserves and jellies. Mrs. Landis comes from Bedford, Iowa.

A constant crowd is around the food conservation booth, which is not only attractive but highly educational. It is in charge of Miss Bertha Beal and Miss Dora Carpenter. Specimens of every kind of food substitute is shown and most important of all, the young women have so much information about food work and why its is up to the American people to feed not only themselves, but their allies, that one cannot get it all in one visit but makes several. The posters and decorations are clever and straight to the point, arousing one's patriotism more than words. Also another good thing, they have some excellent recipes to give the women and show samples of the food. The crowd is too big to give samples.

GET NEW KIDNEYS

The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering out and throwing off the poisons developed in the system, things begin to happen.

One of the first warnings is pain or stiffness in the lower part of the back; highly colored urine; loss of appetite; indigestion; irritation, or even stone in the bladder. These symptoms indicate a condition that may lead to that dreaded and fatal malady, Bright's disease, for which there is said to be no cure.

You can almost certainly find immediate relief in GOLD MEDAL Haarlem Oil Capsules. For more than 200 years this famous preparation has been an unfailing remedy for all kidney, bladder and urinary troubles. Get it at any drug store, and if it does not give you almost immediate relief, your money will be refunded. Be sure you get the GOLD MEDAL brand. None other genuine. In boxes, three sizes.

Smart Fall Suits

WHY not buy your new fall suit now? You get an entire season's wear and they cost you no more than later, and possibly less.

ASSURED styles are created by the Wooltex, Sunshine and other leading manufacturers from which we secure our garments. They know what styles will remain the height of fashion all season and the workmanship is of the highest quality. Deliveries are very uncertain and all-in-all it is wise to make your selections early.

There are no extreme or radical changes in fashions this season, yet there are many little touches of refinment and individuality that are instantly recognized. The suits with youthful lines are most prominent in this new fall showing. Buttons are used in profusion on many of the new suits and belted effects are also very liberally used. Many have velvet on the collars, while some have collars of like materials with braided effects.

In our present extensive showing of fall suits are serges, poplins, burella cloth, broadcloth, duvet de laine, velour, velvet and Bolivia cloth in rich warm Autumn tones of green, brown, taupe, plum, gray, wine, navy blue and black.

A quality to fit every purse. See our new assortments at—
$25.00, $29.50, $35.00, $39.00, $45.00, $50.00, $55.00, $60.00 and $69.

Come in and try on some of the new fall styles—we are glad of the opportunity to show you whether you wish to buy or not.

PICKENS AS COUNTY AGENT

Selected by Sam Hotchkiss of the Department of Labor Employment Service to Secure Laborers

Sam Hotchkiss, district organizer for the department of labor employment service, with headquarters at St. Joseph, is in Maryville today to form a county organization for the purpose of assisting the government in securing skilled and unskilled laborers for war work. Mr. Hotchkiss appointed George A. Pickens, secretary of the Commercial Club, as the county agent. An agent in each town in the county will be selected. The county organization will list the industries in the county as to essential and non-essential and find out the number of male workers between the ages of 18 and 45.

Mr. Hotchkiss said there would be a call for 200,000 skilled laborers within the next six weeks. The St. Joseph district, which is composed of eighteen counties in the northwest part of Missouri, has been given a quota of 2,000 unskilled laborers.

The community labor board for this district is composed of Mr. Hotchkiss, representing the government; T. W. Dodd, representing the employers; and J. L. Wines, labor organization.

There is a call now for 300 men from this district for building docks and warehouses at Newport News, Va. The quota for this county is fifteen.

BRINGS SUIT FOR $51.45.

Mrs. A. J. McReynolds Seeks That Amount From O. W. Hawk.

A suit was filed today in the circut clerk's office by Mrs. A. J. McReynolds against O. W. Hawk for damages in the amount of $51.45. The first count of the petition is for $25, the plaintiff claiming that the defendant appropriated a set of leather work harness and collars. The second count is for $26.45 damages, the petition setting for that the defendant failed to live up to his agreement to sow twenty acres of wheat for the plaintiff. E. C. Lockwood of Stanberry is the attorney for theplaintiff.

BOONE TO CAMP PIKE, ARK.

Prof. E. O. Boone, principal of the Douglas school, received notice last night to report at Camp Pike, Ark., before September 15 to attend a training school there. Mr. Boone made application to attend this school a few months ago.

The following members of the Albany band arrived this morning: G. M. Peery, I. J. Craven, Otis Murphy, Paul Lainhart, O. Whitley, Chas. Stackwell, Walter Hass, H. Woodard, Dr. C. C. Covert, and N. Folk. The Albany musicians will furnish the music during the remainder of the fair.

Teaches Music at Hopkins.

Miss Geneva Wilfley of this city has taken charge of the music class of Miss Cleo Kime of Hopkins, while the latter goes to Chicago to continue her studies in music. Miss Wilfley is a graduate of the Maryville Conservatory and spent last year studying at the Chicago conservatory.

Awaiting The Joyful Sound

The Wonderful Music that Bursts Forth When the Stork Arrives.

Who can forget that little brazen cry that echoes the arrival of the new baby?

Before baby comes the mother should get in condition to meet the crisis.

Thousands of women have used the safe and reliable application, Mother's Friend, during the waiting months, and they relate how they entirely escaped nausea, nervousness, bearing down and stretching pains and many other debilitating and disheartening experiences which so ill fit the mother for the greatest time in a woman's life.

Mother's Friend is a wonderful help to nature in relieving strain and distress brought about by expanding muscles. The nerves, too, will be calm, making the period one of cheerful days and restful nights. The breasts are kept in good condition and the abdominal muscles relax with ease when baby is born.

Mother's Friend makes it possible for the expectant mother herself to actually aid nature in the glorious work to be performed, and no woman should neglect or fail to give nature a helping hand. It will mean infinitely less pain at the crisis.

Mother's Friend is for external use only, is absolutely safe and wonderfully effective. It is prepared by the Bradfield Regulator Co., Lamar Bldg., Atlanta, Ga. Write them for their "Motherhood Book," so valuable to expectant mothers.

Procure a bottle of this famous remedy, which has been used by women with the greatest success for over half a century, from the druggist today, and thus fortify yourself against pain and discomfort.

Taking Good Care of Your Car—Means Using the Best Gasoline

and the wise motorist is taking good care of his car these days.

You may have to drive it until the war is over. Who knows?

If anything does go wrong, it isn't the easiest matter to get it repaired properly.

You can grease your own car; you can tighten up loose bolts, nuts and screws, but if your engine kicks up you have some real trouble on your hands.

USE
Red Crown GASOLINE

It is made especially for automobiles. Never racks your engine. Develops an abundance of smooth, rhythmic power, and leaves a minimum of carbon deposit.

But best of all you can get it everywhere, and it is always the same.

If you fill your tank in a strange town, put in Red Crown, and you needn't worry about getting home.
